

SEMANTIC CHECK OF HRL PRODUCTION REPORT

PART 1 – Administrative

Theme / Layer	HRL Permanent grassland
Country (and region, if regions are verified separately)	Cyprus (100% delivery) 
Service Provider	Indra Systemas (Lot-6)
Product file name(s) and date(s)	cy_gra_ntl_020m_full_100_int01.tif 22/11/2013
Institution carrying out verification	GISAT
Technical conformity checking done by	Miroslav Kopecky miroslav.kopecky@gisat.cz
In situ data used (checking geometry)	ESRI Word Imagery Base Map
Reporting	Miroslav Kopecky, Tomas Soukup miroslav.kopecky@gisat.cz tomas.soukup@gisat.cz
Date and place of writing the report	07/12/2013 Prague (GISAT) 30/01/2014 Prague (GISAT) – finalization (postponed due to SC Report content update discussion)
Overall result:	Accepted
Remark:	

PART2 - Technical conformity checking

DQ element / DQ sub-element	Measure	Status	Remark
A - Completeness			
Items incorrectly present in dataset (commission)	Data provided outside area of interest (e.g. country area)	OK	
Missing items (omission)	Uncontrolled gaps	OK	
	Metadata exists	OK	Checked by INSPIRE metadata validator. INSPIRE metadata file exist, but these incorrectness have been reported during validation by INSPIRE validator: - The content of element <CI_Date> is incomplete - The metadata element "Conformity" is missing, empty or incomplete but it is required
B - Logical consistency			
Conceptual consistency	Coordinate reference system (CRS)	OK	
	Pixel size and origin	OK	
	MMU (see Verification Guidelines)	OK	
	Cross-Compliance between Theme Layers and/or Additional Support layer (see Verification Guidelines)	OK	
	Additional attributes, coloring	OK	
Domain consistency	Valid codes (see Verification Guidelines)	OK	
Format consistency	File format / readable	OK	
	File naming conventions (if exists)	OK	
	Attribute naming conventions	OK	
C - Positional accuracy			
Relative positional accuracy	Quick visual comparison of HRL data with available EO imagery (identifying large positional errors)	OK	No large positional error found Data checked by Bing maps aerial images background overlay
D - Thematic accuracy			
Classification correctness	Simple look-and-feel thematic check (identifying basic thematic mistakes)	OK	No obvious mistakes found Data checked by Bing maps aerial images background overlay

OK / correct

NOK / incorrect

N/A / not applicable (information not available or unclear)

Remarks:

CDR CDR_CY_GRA_V01.pdf delivered with this dataset / complete country coverage
